REACH DECLARATION

Re.: compliance with requirements imposed by the REACH Regulation

Dear Sirs,

On behalf of the Company MDD-BEL Ltd., headquartered in Agias Fylaxeos & Zinonos Rossidi 2, 1st floor, Limassol, Cyprus 3082 / CYPRUS specializing in the management and implementation of advanced technologies in the petrochemical industry - THETA Technical Consulting hereby confirms that in accordance with Regulation EC No 1907/2006 of the European Parliament and of the Council of 18.12.2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) which is in force from 1 June 2007, MDD-BEL Ltd. as a Only Representative of FLCC «DVCH-Management» from Belarus, the manufacturer of the mixture ECOSMAR – DVCH, meets the requirements of Article 5 of that regulation for legally introducing aforementioned product on the European Union's market and the EEA. The Company MDD-BEL Ltd. is in constant contact with manufacturers of chemicals who declare that they act in accordance with the requirements of REACH. Therefore, written confirmations of pre-registration or registration of the relevant substances to the European Chemicals Agency in Helsinki (which contain pre-registration and registration numbers that allow to market chemicals legally in the EU or that are exempt from the registration requirements amending in art. 2 point 7 Regulation EC No 1907/2006) are transmitted in the supply chain.

The ECOSMAR – DVCH, as a mixture used for lubrication of molds applied in the production of long wall panels, ceiling blocks of cellular concrete limestone

and other products made of concrete, for surface coating of metal, wood or veneer molds and formwork in order to facilitate separation of the concrete and the mold material and to secure metal molds and formwork against corrosion, meets the requirements of Title II of REACH (Registration of substances).

THETA Technical Consulting also confirms that delivered product does not contain any substances of very high concern, in accordance with the updated candidate list of substances (SVHC) recommended by ECHA (European Chemicals Agency) in Helsinki as of 15 June 2015.

Please note that MDD-BEL Ltd. is working on an ongoing basis so as to ensure that all obligations relating to the REACH system are fulfilled on time and with due care and therefore does not expect any difficulties in delivery in relation to that Regulation, and other required chemical regulations.

Sincerely yours

Specjalista ds. REACH
